## Relevant Facts or Questions Asked

A Procuring Entity sought guidance as follows:

Whether the Tier 2 and Tier 3 approvals limits, as set out in the Public Procurement Act, 2015 (as amended) (“the Act”), would apply to the procurements exempted in accordance with the First Schedule of the Act.

## Advice

The procuring entity was advised that the procedures concerning the approval of contract awards, are set out in section 43 of the Act, which falls under Part V. Further, procurement proceedings that are exempt in accordance with the First Schedule of the Act, are not required to observe the policies and procedures set out in parts III and V of the Act. Therefore, observance of the approval tiers would not be required for procurements exempt in accordance with the First Schedule of the Act.
